## Erba Planting Table

Design Mia Cullin

Home gardening is a growing sector with relevance to schools and retirement homes as well as communal gardens and residential yards. Meeting the demand for attractive, functional gardening equipment, Erba provides a workbench for nurturing plant life, storage for utensils and a trellis for hanging tools. Erba is available in two heights - sitting and standing - with a footrest that encourage an ergonomic posture while working. Erba helps make sowing seeds, growing shoots and harvesting plants a source of inspiration for individuals and communities alike.

#### Dimensions and weight

Width: 120 cm  
Height: 143 cm  
Depth: 64 cm  
Vikt: 38 kg

#### Product numbers and combinations

**Ö16-34** Erba Planting Table

**Append to product number**

METAL SURFACE FINISH

C for any color other than standard, starting cost is added.

#### Standard colours

#### Materials and surface treatments

##### Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

##### Electrogalvanized

Electrogalvanizing (also known as zinc plating) provides corrosion protection through the sacrifice of zinc ions. It is created via a zinc coating on the steel using an electric current.

##### Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

#### Assembly and placement

##### Freestanding

Freestanding product that is placed directly on the ground.

Fully assembled

#### Maintenance

##### Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.
