Scoop Moonlight Planter

Design Julie Storm

Scoop Moonlight casts soft light over plants long after the sun has set, transforming flowers, stems and leaves into unique lighting features. The planter contains an integrated lighting unit, and is available in a variety of standard colours. It can be used indoors and outdoors, and is equally striking during the day as it is at night. The Scoop Moonlight planter is made from recycled plastic that is fade-resistant and weatherproof.

💡 Has lighting as option

Dimensions and weight

Height: 65 cm

Ø: 97 cm

Vikt: 18 kg

Standard colours

	RAL 7021
	RAL 7015
	RAL 4004
	RAL 1018
	RAL 3020
	NCS S 0530-G70Y (moonlight)
	NCS S 1070-Y30R
	NCS S 1060-G40Y

Materials and surface treatments

Rotational moulded recycled plastic. The planter is made in the following standard colours: yellow RAL 1018, orange NCS S 1070-Y30R, red RAL 3020, lilac RAL 4004, light yellow NCS S 0530 G70Y, lime green NCS S 1060 G40Y, grey RAL 7015, black RAL 7021, granite and sand.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

The planter itself is fully assembled. The integrated lighting or choice of base options require simple installation.

Wheels can be attached to the planter's base, or the planter can be attached to a built surface. Fittings can be ordered for casting the planter 10 cm / 20 cm in concrete.

Maintenance

Not normally required. The material can withstand soap and mild detergents created especially for plastic. The material can withstand cleaning by a pressurised water hose if used on a low pressure setting.
