

Cacti Planters

Design Anki Gneib

These indoor/outdoor planters can refresh everyday environments with vivid colours and vibrant plant life. The products are made with metal trellises that mimic the shapes and proportions of cacti. The planters bring nature indoors, adding decorative features or dividing the space. Plants dampen noise and improve air quality. The planters are available in three different sizes with trellises made in three different heights.

CERTIFICATION

Dimensions and weight

Planter Ø 30 cm

Volume: 12 L

Planter Ø 40 cm

Volume: 28 L

Planter Ø 50 cm

Volume: 22 L

Ö16-42/GR1 Cacti Group 1

Length: 231 cm

Width: 50 cm

Height: 171 cm

Total volume: 114 L

Ö16-42/GR2 Cacti Group 2

Length: 101 cm

Width: 80 cm

Height: 171 cm

Total volume: 74 L

Ö16-42/GR3 Cacti Group 3

Length: 223 cm

Width: 30 cm

Height: 171 cm

Total volume: 84 L

Product numbers and combinations

Ö16-42/GR1 Cacti group 1: height 171 cm, depth 50 cm, length 231 cm
Ö16-42/GR2 Cacti group 2: height 171 cm, depth 80 cm, length 101 cm
Ö16-42/GR3 Cacti group 3: height 171 cm, depth 30 cm, length 223 cm

METAL SURFACE FINISH

C for any color other than standard, starting cost is added.

Standard colours

Materials and surface treatments

Material dimensions

Planter in pressure-turned aluminium
Trellis in Ø 6 mm aluminium wire
Foot plate in 10 mm sheet metal

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Aluminium

Aluminum is a soft light metal that is silvery to gray in color. Depending on the alloy, aluminum usually has good corrosion resistance. It is common for the aluminum to be extruded into tubes or rolled into a plate in the desired material thickness.

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Freestanding. The individual parts should be bolted together on site.

Maintenance

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.

Powder coated Aluminium

Products that are powder-coated can be touch-up painted with alkyd paint if necessary.
