## Erba Furniture group

Design Mia Cullin

Home gardening is a growing sector with relevance to schools and retirement homes as well as communal gardens and residential yards. Meeting the demand for attractive, functional gardening equipment, Erba provides a workbench for nurturing plant life, storage for utensils and a trellis for hanging tools. Erba is available in two heights - sitting and standing - with a footrest that encourage an ergonomic posture while working.

The erba furniture group consists of a workbench and a stool. Erba helps make sowing seeds, growing shoots and harvesting plants a source of inspiration for individuals and communities alike.

## Dimensions and weight

### Erba Planting Table

Width: 120 cm  
Height: 143 cm  
Depth: 64 cm  
Weight 38 kg

### Erba Stool

Width: 55 cm  
Height: 67 cm  
Depth: 42 cm

## Product numbers and combinations

Ö16-34 Erba Planting Table

Ö16-35 Erba Stool

## Standard colours

RAL 6028

RAL 7022

## Materials and surface treatments

### Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

### Electrogalvanized

Electrogalvanizing (also known as zinc plating) provides corrosion protection through the sacrifice of zinc ions. It is created via a zinc coating on the steel using an electric current.

### Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

## Assembly and placement

### Freestanding

Freestanding product that is placed directly on the ground.

## Maintenance

### Powdercoated steel

Products that are powder-coated can be touch-up painted with alkylid paint.
