Kyparn Chair

Design Johannes Norlander

Kyparn is a lightweight stackable armchair that is durable enough to stand outdoors all year, yet stylish enough to suit sleek interiors indoors. The frame is shaped by an unbroken, curving line that gives the chair a distinctive silhouette. Paired with the table in the Kyparn furniture group, the two create an eye-catching combination popular for use in cafes, gardens and outdoor areas.

Dimensions and weight

Width: 49 cm
 Height: 77 cm
 Armrest height: 70 cm
 Sitting height: 45,5 cm
 Depth: 54 cm
 Weight 5 kg

Individual dimensions

The solid steel thread steel in the frame: 10 mm
 Legs: 15 mm x 1 mm
 The seat is made from steel plate: Thickness: 1.5 cm

Product numbers and combinations

U11-40 Kyparn chair
 U11-45 Seat in polyurethane
 B11-06 Startup cost for powder coating steel in a color other than standard.
 Choose a RAL colour.

Append to product number

METAL SURFACE FINISH

V for white RAL 9010.
 A for anthracite RAL 7016.
 C for any color other than standard, starting cost is added.

Standard colours

☐ RAL 9010
☒ RAL 7016

Materials and surface treatments

Polyurethane.

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Electrogalvanized

Electrogalvanizing (also known as zinc plating) provides corrosion protection through the sacrifice of zinc ions. It is created via a zinc coating on the steel using an electric current.

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Fully assembled.

Maintenance

Finstruktur SK 1. Pulverlack går att beställa på sprayflaska.

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.
