## Odin Park Bench

### Design Jessing

As a complement to our own range, we also market products from Denmark Jessing, who, like Nola, works for high quality in the public space. Sofa Odin is a classic park sofa with armrests and with slightly curved wooden back in FSC-marked jatoba and steel stand. Suitable for all types of public environments.

## Dimensions and weight

### Product numbers and combinations

#### Append to product number

##### WOOD AND FINISH

J for jatoba.

##### INSTALLATION TYPE

M for in-ground.

N for surface mount.

### Standard colours

Jatoba

### Materials and surface treatments

#### Jatoba - FSC-certified

Our FSC-labeled Jatoba is an untreated, very hard, and strong hardwood with a long shelf life. It has a brown color with black accent stripes that changes to a deep and rich red color over time.

#### Wood oil

Wood oil provides good protection against the stresses of the outdoor climate and at the same time highlights the wood's natural appearance and properties.

#### Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

#### Hot-dip galvanized

Hot-dip galvanizing provides very strong protection against corrosion. The steel is dipped into a bath of hot liquid zinc. The zinc attaches and creates a surface coating on the steel part, which is then taken out of the bath and drained of excess zinc.

#### Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

### Assembly and placement

#### In-ground

Cast in ground.

#### Surface mount

Can be bolted above ground, to the floor or to a cast-in-place foundation. Bolts not included.

### Maintenance

#### Jatoba

Jatoba basically requires no maintenance apart from regular wiping down.

#### Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.
