

Promenad – New Product! Walking Bar

Design Eva Schildt

Promenad is a mobility aid designed to encourage movement and physical activity. With its minimalistic yet sturdy design, Promenad is ideal for parks, courtyards, and spaces near care facilities. It provides support for walking while allowing users of all ages and abilities to stay active. Promenad can be placed on different surfaces—gravel, sand, bark, grass, or even water—for a dynamic walking experience.

FEATURES

 Designed for accessibility

METAL SURFACE FINISH

RAL 6009 (dark green)

RAL 9005 (black)

C for other colors than standard, additional starting cost.

Standard colours

RAL 6009

RAL 9005

Materials and surface treatments

Steel

Nola uses high-quality steel with good strength in our products. Steel rusts if left untreated and must therefore be surface treated.

Stainless steel

Stainless steel is an iron alloy with at least 10.5% chromium that often has good resistance to corrosion (rust) and other chemical attacks. A common misconception about stainless steel is that it does not rust at all; it can in fact corrode, especially in environments near the sea with high humidity.

Powder coating

Powder coating is a coating that is applied as a free-flowing, dry powder. Unlike conventional liquid paint, powder coating is usually applied electrostatically and then cured under heat or with ultraviolet light. The result is an even, hard-wearing coloured surface with the desired gloss level.

Assembly and placement

Freestanding

Freestanding product that is placed directly on the ground.

Maintenance

Powdercoated steel

Products that are powder-coated can be touch-up painted with alkyd paint.

Designers

Eva Schildt

The designer Eva Schildt was influenced by her upbringing in the Stockholm archipelago, which shows in her artistic work. Since graduating in furniture and product design at Beckmans College of Design in 2001, she has designed a wide range of things from furniture and textiles to packaging and exhibition displays. Eva also works as an interior architect.

Eva Schildt – Where Tradition Meets Functional Modernity

Based in Stockholm, Schildt is driven by the belief that our environment is in a constant state of change—a concept beautifully reflected in her nature-inspired designs. Her work seamlessly fuses classic elements with a touch of humble modernity.

Working with a diverse range of materials and techniques, Schildt effortlessly balances the art of craftsmanship with the precision of mass production. Her often sculptural designs burst with everyday humor, personality, and outstanding functionality, earning her international recognition. Among her celebrated creations are the iconic Constella and Äng from Klong.

You can experience Eva Schildt's work at Stockholm's National Museum and Gothenburg's Röhsska Museum.
