

## “CUDDLY” Bench

**Sheet code:** PAAR059

**Drawing code:**

**Revision:** 10/01/2019

**Designer:**  
Matouš Holý

**Product:** ORGANIC line bench model “CUDDLY”, composed by a wide and ergonomic seat, comfortable as a hug, with essential and rounded lines. This urban furniture product fits perfectly in every location, thanks to its soft shape and chromatic choice, becoming an essential relaxing experience.

**Dimensions:** length: 828 mm;  
width: 845 mm;  
height: 830 mm;  
total weight: 660 kg.

**Material:** The bench is manufactured using white granite conglomerate.

**Reinforcing:** The bench is reinforced and equipped with bushes that permit its lifting, and that are covered with a Bellitalia plate after the placement.

**Finishing:** The bench's surfaces can undergo a “Glossy paint” treatment, based on a covering with a bi-component base and an acrylic-polyurethane varnish, the same used for the automotive industry. This treatment is available in a choice of three colours: Fire Red (RAL3000), Jet Black (RAL9005) or Pure White (RAL9010). Alternatively, all surfaces can be finely bush hammered or sandblasted, except for the seat's surface that is left smooth formwork and then covered with a transparent anti-decay coating, or, upon request, anti-graffiti products. Alternatively, the surface coating can be made of ULTRASKIN, a new treatment specifically designed for outdoor use with optimal characteristics for the exterior, offering a wide range of colours and characteristic effects (see material sheet). All edges are rounded or made blunt.

**Handling:** Use appropriate equipment when handling.

**Installation:** Simply place on the flooring.
